

CAREER PROGRAMS

Accounting Associate

Associate in Applied Science Degree

This 61 credit-hour program is designed to prepare students for employment as junior accountants in business, industry, and government.

The curriculum includes the study of accounting theory and practice, corporation accounting, and cost accounting. Required business coursework provides for an overview of the corporate community and includes economics, business law, and management classes. Computer information skills are essential to today's accountants and are also required in this degree.
