Fall 2024 Part-time Nursing (RN) Degree Program Admission Requirements
6 semesters/3 years to complete

The information in this document is not designed to be a contractual agreement with an applicant. The program reserves the right to change without notice such things as program admission or completion requirements, costs and curriculum as needed and in accordance with Harper College policy.

Important Dates

Fall 2024 Nursing Part-time Application Dates…..…………**October 1, 2023 – March 15, 2024**

Check the program web site for updated information on the application status.
Application questions can be directed to le@harpercollege.edu
Program information questions can be directed to nursing@harpercollege.edu

---

To be eligible to submit an application to the Nursing Program, you must have successfully taken one of the entrance exams and have a 2.0 GPA at Harper (if you have taken courses at Harper)

Attend an Information Meeting (Optional)

- Learn more about the nursing career and the Harper College nursing curriculum, admission standards and program participation requirements. Check the Harper web site at: https://harper.secure.force.com/events/#/search?type=Health%20Career%20Info%20Session for meeting dates

Submit College Application and Fee

- If you have not previously applied to the College, this is your first step.
- This application and fee can be submitted online at https://harpercollege.my.site.com/apply/TX_SiteLogin?startURL=%2Fapply%2FTargetX_Portal__PB or in person at the One Stop Office room A 250.

Submit the Program Application with Pre-entrance Exam Score Report (required)

- Submit your program application by going to the NUR web page scroll down to **Apply Here** https://www.harpercollege.edu/academics/health/nursing/registered-nurse-admission.php within the time frame indicated above. **If you have previously been accepted into the Nursing (RN) Degree Program, you will need Coordinator approval to submit another application.**
- Your Harper College Application must already be on file.
- Must attach a valid copy of your **Test of Essential Academic Skills (TEAS) OR National League for Nursing (NLN) Pre-Admission Exam** results showing that all minimums have been satisfied on the same test (only one test is required).
- If you have taken the NLN, RN percentile scores are used for ranking. The Composite, Verbal, Math and Science percentile scores are listed under the **RN Percentile Rank**

Pre-Admission Exam Report – Each of the minimum percentile scores must be satisfied on the same test:

TEAS Minimum Scores	NLN Minimum Scores
Total Score: 60th percentile or higher	**Composite**: 60th percentile or higher
English and Language Usage Score: 40th percentile or higher	**Verbal**: 40th percentile or higher
Science: 40th percentile or higher	**Science**: 40th percentile or higher
Math: 40th percentile or higher	**Math**: 40th percentile or higher

- Visit Harper's TEAS https://www.harpercollege.edu/testing/teastest/index.php or NLN Testing webpage https://www.harpercollege.edu/testing/limitedenrollment.php for information on how to register for the TEAS OR NLN Pre-Entrance Exam.
- TEAS and NLN Pre-Admission Exam scores are valid for three years. (Refer to the chart on page 4 for information regarding expiration dates)
- For details on how to interpret your TEAS or NLN score report, please refer to the program website.
- Contact the Health Careers Division Office at 847.925.6533 if you have questions on test results.
- Visit https://apps.apple.com/us/app/ati-teas-pocket-prep/id509838037 and/or https://www.atitesting.com/teas/teas-prep/ati-teas-mobile-app for study material on TEAS.
- For study material for both entrance exams, please visit Harper's TEAS or NLN Webpage.
- TEAS or NLN Scores must completed AFTER January 1, 2021.

Submit Additional Documentation

Official High School Transcript OR GED Results – The final high school transcript must have the graduation date posted, be an official copy sent directly to Harper from the institution or Parchement; the GED report must show passing scores.
- Applicants who have completed high school in another country need to submit a document-to-document evaluation of their high school transcript completed by Educational Credential Evaluators, INC (ECE) www.ece.org **or** World Education Services (WES) www.wes.org stating **U.S. Equivalence: High school diploma.**
- This high school transcript requirement can be waived if official documentation is provided demonstrating completion of the equivalent of a U.S. associate or higher degree.

Official College Transcripts – You will need to submit transcripts from other colleges attended to processing@harpercollege.edu if the documents show completion of coursework you think may fulfill course admission requirements or support coursework applicable to the Harper College Nursing Program.
- Requests can be made at the institution website or https://www.studentclearinghouse.org/students/.
- Foreign college transcripts must first be evaluated by World Education Services (wes.org) or Educational Credential Evaluators, INC (ece.org).
- To learn if/how credits from other colleges will transfer to Harper, applicants must have an official transcript from each college or university attended. **Official** transcripts will be evaluated as they are received, students will receive an email to their Harper email account when they have been evaluated.

Re-entry Permission –If you were previously enrolled in either of Harper's nursing programs (Practical Nursing Certificate or RN associate degree) and were not successful, departmental permission is required.

Requirements Subject to Change

Program Prerequisites
Must be completed by the end of the semester in which the deadline falls

Illinois CNA Registry
- You must provide proof of your having passed the Illinois State CNA registry exam and have **current registry** status (within the **past 2 years**) and/or actively employed under the Employment Verification section on the registry. Go to http://www.idph.state.il.us/nar/home.htm to review your registry status.
- If you are not current according to the above criteria, Use the link for Southern Illinois University Carbondale to review the steps to recertify. Students must be active on the Illinois CNA Registry within 2 years https://www.nurseaidetesting.com/recertification-process/
- If you are enrolled in a CNA course, you must be on the Illinois Department of Public Health CNA Registry before the program begins as follows:
  - o Fall 2024 applicants must be on the registry by July 1, 2024

Harper Grade Point Average
- Harper students must have a minimum **2.0 grade point average** at the time of application to the Nursing Program. **If your GPA is below a 2.0, your application cannot be processed.**

English Composition - ENG 101 at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is no expiration date on the English Composition course requirement.

Introduction to Psychology - PSY 101 at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is no expiration date on the psychology course requirement

Psychology of Human Development - PSY 228 at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is no expiration date on the psychology course requirement

Human Anatomy - BIO 260 (previously 161) at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is a five-year time limit on the Human Anatomy course requirement. Refer to the chart following this section for details on expiration dates.

Human Physiology - BIO 261 (previously 161) at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is a five-year time limit on the Human Physiology course requirement. Refer to the chart following this section for details on expiration dates.

Microbiology - BIO 230 (previously 130) at Harper College, or the equivalent from another college (as determined by the Harper College transcript evaluation).
- Must be completed with a grade of C or better.
- There is a five-year time limit on the Microbiology course requirement. Refer to the chart following this section for details on expiration dates.

Requirements Subject to Change

Math Assessment – Demonstrate competency in Harper's Intermediate Algebra or higher level with one of the testing or course options listed below; there is no time limit on any of the following for admission:

Testing Options	Course Options
• ALEKS Math Placement Test Score of 46 or higher • COMPASS Algebra Placement Test Score of 53 or higher • SAT Math Score of 530 or higher (from testing completed after March 2016) • ACT Math Score of 22 or higher • Passing Score on the MTH 080 Final Exam *(applicable to those who tested while attending one of Harper's partner high schools)*	• Harper's MTH 085 with MTH 165 pathway with a C or better *(or equivalent transfer course)* • Credit earned for Harper's MTH 080 or MTH 101 or MTH 103-299 *(or equivalent transfer course)* with a grade of C or better • Aligned High School Math 080 with a grade of C or better

Completion of an approved statistics course is required to continue your education for a BSN, i.e. MTH 165.

The following table lists time limits currently in place for the following courses and Entrance Exam testing:

Course	For the Fall, 2024 Program Start
BIO 230 (was 130) – MICROBIOLOGY	Must be completed **after January 1, 2019**
BIO 260 (was 160) – ANATOMY	Must be completed **after January 1, 2019**
BIO 261 (was 161) – PHYSIOLOGY	Must be completed **after January 1, 2019**
TEAS/NLN TEST SCORES*	Must be completed **after January 1, 2021**

*National League for Nursing/Test of Essential Academic Skills Entrance Exam Results

Admission Decisions

PLEASE NOTE: Satisfaction of admission requirements does not guarantee acceptance.

- Ranking scores will be calculated based on a point system with a maximum of 100 points. You can calculate your ranking score based on the following chart. (**No points will be added to an admission score for coursework completed after the application deadline.**)

TEAS Factor	NLN Factor	0 points	5 points	10 points	15 points	20 points
Total Score	Composite RN Percentile	60 – 69		70 – 79	80 – 89	90 – 99
English & Language Usage score	Verbal RN Percentile	40 – 49		50 – 69	70 – 89	90 – 99
BIO 230 (was 130)		C			B	A
BIO 260 (was 160)		C			B	A
BIO 261 (was 161)		C			B	A

* "ONLY" One exam (TEAS or NLN) will be used towards admissions score.

*If you have taken and/or withdrew from BIO 260 (previously 161) and/or BIO 261 (previously 161) and/or BIO 130 (previously 130) more than two (2) times before earning a C or better within the 5-year time limit, points will not be given toward the admission score.

- **EARLY ADMISSION OPTION:** Applicants whose files are complete upon application may qualify for Early Admission. If qualified, we will send notification of acceptance by the email address provided on the application. To be eligible for this option, applicants must meet specific conditions as follows:
- Applicant must be a resident of Harper's district, or a community college district which does not offer a Nursing degree program and whose college district is a member of the CAREER consortium; and
- The file must be complete—all academic and document requirements must be satisfied; and
- The ranking score must be 60 or higher; and
- The applicant must submit the application and meet all admission requirements by January 15, 2024 for Fall, 2024. If the program should fill prior to the Early Admission deadline, applicants will be placed into Standard Admissions.

Requirements Subject to Change

Applications received after the Early Admission deadlines and applications that do not meet all four of the early admission conditions will be considered under the Standard Admission Option. There will be no exceptions to the early admission criteria.

- **STANDARD ADMISSION OPTION**: (**For seats remaining following Early Admission) The files of all applicants who have submitted their applications by the program deadline (and who were not already accepted through Early Admission) will be reviewed by the admission selection committee.**
- This file review meeting will be held as soon as possible following the program deadline.
- A "final" minimum admission score will be determined, and those applicants whose ranking scores are at or above that minimum will be considered.
- Admission cannot be guaranteed, and will depend upon ranking score, residency and number of seats available.
- If there are more applicants who meet the minimum score than space available, the following will factor into the admission decision process:
    - ° Permanent residents and residents of community college districts which do not offer a Nursing program **and** whose college districts are members of the CAREER consortium, who have satisfied the minimum admission score and applied by the application deadline will receive priority consideration in the Standard Admission process.
    - ° Residency is determined by the Registrar's Office; the address on record with the College will be used by the admission selection committee when they determine admission decisions. **Working in district does not constitute residency for limited enrollment selection purposes.**

- It is not possible to predict what the lowest ranking score an applicant will need in order to be accepted through the Standard Admission process. However, entrance exam scores in the 80's and 90's and A's and B's in BIO 260 (previously 160) and BIO 261 (previously 161) make applicants more competitive in the selection process. Although satisfaction of minimum admission requirements will result in an admission decision, it does not guarantee acceptance.

- **The Nursing Program is a very rigorous full-time program. If you are accustomed to taking one or two courses per semester, be aware that acceptance into the program will require a significant increase in study time.**

Requirements Subject to Change

Important Admission Notes

- Provided a program is open past the published deadline, any qualified applicant who submits an application after that date will be considered after all qualified applicants who applied by deadline. Applications will continue to be accepted until the program is closed. Check the web site for information on the application status.

- Depending on the number of qualified applicants eligible for admission when admission decisions are made, it is possible that contingency offers may be extended to applicants who are in the process of completing an admission requirement **(except for the entrance exam percentile minimums and Harper GPA of 2.0 or higher, which both must be satisfied to be eligible to submit a program application). When/If contingency offers are extended, the contingent requirement(s) must be satisfied within the semester in which the deadline falls**. If the contingency is not met by the given date, the offer will be rescinded.

- Accepted applicants must be 18 years of age before the program starts.

- It is the applicant's responsibility to ensure that all requirements are met and all documentation is on file.

- Applicants not accepted into the program who wish to be considered in the selection process for a future term **must reapply**.

- Academic admission requirements must be met by the **end of the semester in which the deadline falls**.

- All correspondence regarding your limited enrollment application will be sent to the email address you have provided on your application and your Harper email address. It is your responsibility to see that your Personal Profile information is current. You can check your information on the Student Portal on the My Harper tab under Personal Profile. To update your email address (and/or mailing address and phone number), you will need to contact the OneStop Center, Building A, Room A250. Residency is determined by the mailing address on record with the College as of the program deadline date and will be used by the admission selection committee when admission decisions are made.

- Applicants should be aware that it may take up to three weeks for the College to receive transcript(s) from the sending institution(s). Once the transcripts you have listed on your program application have been received, it can take another one to three weeks before you will receive your written evaluation of transfer credit in the mail. If there are courses which require departmental contact, your evaluation will require more time. Please plan accordingly.

- **Once your program application has been processed, you will be able to monitor your limited enrollment file online.** Go to **harpercollege.edu** and log into your **My Harper Student Portal**; limited enrollment information can be found under the **Records and Registration** section.

- Qualified applicants not selected may be placed on a temporary wait list and identified as alternates. Alternate lists do not carry over from one application cycle to the next; therefore, alternates who are not admitted to a program will need to submit a new program application for a future program start.

- It is very important that you make financial aid preparations well in advance of any deadlines so that you know exactly what resources are available to you.
