## What influences student persistence?

What factors have historically influenced the persistence of credential seeking students?

About this report

Select student group

Overall Persistence | Fall to Spring Persistence | Spring to Fall Persistence

### Number of students selected:

79,563

### Terms enrolled:

Fall 2018, Spring 2019, Fall 2019, Spring 2020, Fall 2020, Spring 2021, Fall 2021, Spring 2022

### Students selected:

All Students

### Average persistence rate of selected students:

73%

### Average persistence rate of all students:

73%
