

## WILLIAM RAINEY HARPER COLLEGE

### Key National Benchmarks – Where Does Your Institution Stand?

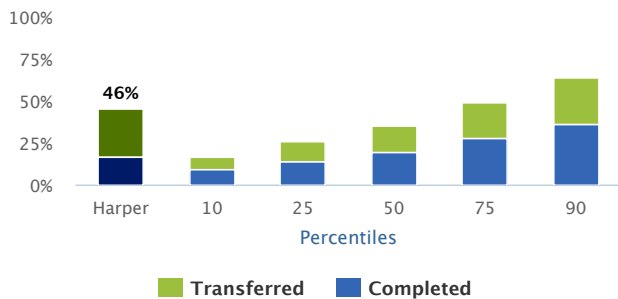

Your college participated in the National Community College Benchmark Project in 2013. This research is conducted annually by The National Higher Education Benchmarking Institute (NHEBI). We would like to share some of the key results of this study with you. The report illustrates how your college compared to national data, representing 269 community colleges.

The full NCCBP report, available online, contains more than 150 benchmarks on student demographics, measures of student success, faculty and staff data, workforce and community outreach, and institutional characteristics and effectiveness metrics.

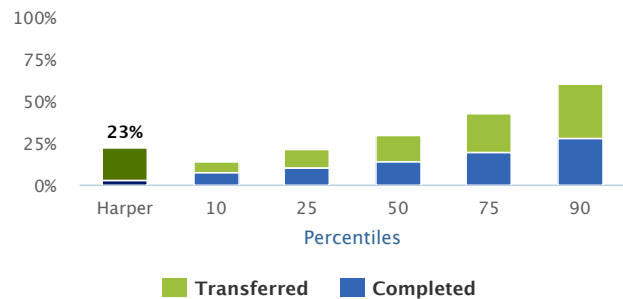

Member colleges use the benchmarks to support:

- Strategic planning and selection of KPIs
- Accreditation
- Internal and external accountability activities
- Institutional transparency
- Documentation of student success

The percent of part-time students out of the unduplicated part-time, first-time, credit headcount from Fall 2007 IPEDS GRS cohort who either completed a degree or certificate before fall 2012 or who transferred to four-year institutions before fall 2012.

#### Persistence Rate

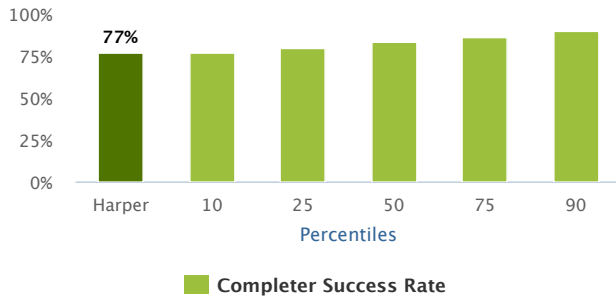

#### Instructional Cost per FTE Student

The persistence rate is the percent of Fall 2011 credit students, both full- and part-time, who return to the campus for the next term (usually Spring 2012), or for the next fall term (Fall 2012). This metric excludes students who graduated or completed certificates in the time frame.

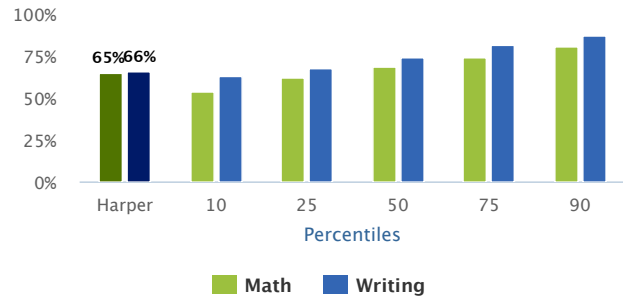

2012 instructional costs include salaries, benefits, supplies, travel and equipment for all full- and part-time faculty and other instructional administration and support personnel per full-time equivalent student.

## College-level Courses: Completer Success Rate

## Developmental Completer Success Rate

The percent of students, institution-wide, who received grades of A, B, C, or Pass in developmental/remedial math and writing courses in fall 2011.
